**Via efilings and Hand Delivery**

Ms. LaDonna Castañuela (MC-105)  
Chief Clerk  
Texas Commission on Environmental Quality  
12100 Park 35 Circle, Building F  
Austin, Texas 78711-3087

RE: **Docket No. 2009-1842-AIR**; Application by Aggregate Industries-WCR, Inc. for  
TCEQ Permit No. 83755

Dear Ms. Castañuela:

Enclosed please find an original and seven (7) copies of Applicant's Response to the Requests for Contested Case Hearing and Requests for Reconsideration to be filed in connection with the above-referenced docket. Please file mark a copy and return it to me via our courier delivering same.

Thank you for your assistance in this matter.

Yours truly,

Chris B. Pepper

**TCEQ DOCKET NO. 2009-1842-AIR**

APPLICATION BY	§	BEFORE THE TEXAS
AGGREGATE INDUSTRIES-WCR,	§	
INC.,	§	
COMAL COUNTY, TEXAS	§	COMMISSION ON
FOR AIR NEW SOURCE PERMIT NO.	§	
83755	§	ENVIRONMENTAL QUALITY

**AGGREGATE INDUSTRIES-WCR, INC.'S RESPONSE TO THE REQUESTS FOR  
CONTESTED CASE HEARING AND REQUESTS FOR RECONSIDERATION**

TO THE HONORABLE COMMISSIONERS OF THE TEXAS COMMISSION ON  
ENVIRONMENTAL QUALITY:

Aggregate Industries–West Central Region (“WCR”), Inc. (“Aggregate Industries” or “Applicant”) files this response (“Response”) to the requests for a contested case hearing and requests for reconsideration.<sup>1</sup> Applicant respectfully requests that the Texas Commission on Environmental Quality (“Commission” or “TCEQ”) grant hearing requests of Group A, finding that Group A include affected persons; deny the requests for reconsideration by Wayne Brown and Karen Bishop; and deny the hearing requests of Group B because they are not affected persons. Applicant also respectfully requests referral of the Issues No. # 1-7 pertaining to Air Permit (NSR) No. 83755 to the State Office of Administrative Hearings for further deliberation.

**I. BACKGROUND**

Aggregate Industries is a producer of construction materials, supplying aggregate based materials and contracting services for large, publicly financed infrastructure projects including commercial and residential developments throughout the United States. Aggregate Industries intends to operate an aggregates quarry approximately three miles south of New Braunfels at 5900 FM 482 in Comal County, Texas. Aggregate Industries’ affiliate has owned the land for the proposed quarry for approximately 27 years. This site is surrounded by existing limestone quarries, rock crushers, asphalt, lime and cement manufacturing plants. Aggregate Industries

---

<sup>1</sup> The hearing requesters will be addressed as a Group A and Group B to promote efficiency and brevity, but are listed in detail in the Background section.

intends only to run a limestone quarry and a rock crushing operation; it does not propose to co-locate any other manufacturing operations on the site, such as a cement kiln.

Aggregate Industries submitted an application for an air quality permit, or New Source Review Authorization, under the Texas Clean Air Act (TCAA) §382.0518, to the TCEQ on December 28, 2007. The air permit would authorize construction of a new facility, consisting of seven crushers, sixteen screens, a wash plant, assorted material handling conveyors and truck loading and unloading facilities. The proposed facility would be operated 24 hours a day, 7 days a week or 8760 hour per year, with plant throughput at 2,000 tons per hour and 5,000,000 tons per year.

The TCEQ declared the application administratively complete on January 28, 2008. Aggregate Industries published the first notice, or Notice of Receipt and Intent to Obtain an Air Quality Permit on February 25, 2008 in the *El Norte The Community's Newspaper* and on February 26, 2008 in the *New Braunfels Herald-Zeitung*. A TCEQ public meeting was scheduled and Aggregate Industries published notice of the public meeting in the same newspapers, on February 25, 2009 in the *New Braunfels Herald-Zeitung* and *El Norte The Community's Newspaper*. This notice was a combined notice, serving as notice for the public meeting and as the second notice, or Notice of Application and Preliminary Decision, where the TCEQ's Executive Director announced completion of the technical review and preliminary approval of the Aggregate Industries air quality permit application.

The public had several opportunities for comment and to have their questions addressed, whether through the TCEQ formal public participation process or through informal meetings with Aggregate Industries. The TCEQ Executive Director Staff and the TCEQ Office of Public Assistance held a public meeting on March 10, 2009, in the New Braunfels Convention/Civic Center in Comal County, Texas at 7:00 p.m. Aggregate Industries representatives attended the formal public meeting, and they were available with large maps to discuss the project before and after the TCEQ public meeting. The public comment period concluded on March 27, 2009, seventeen days after the public meeting. Following the public comment period, the Executive Director's staff prepared a Response to Comments ("RTC") document, which was filed on July 1, 2009, and sent to the TCEQ mailing list along with a decision letter on July 10, 2009. The

July 10, 2009, date triggered an additional 30 day comment period, as stated in the July 10, 2009, TCEQ RTC transmittal letter. During this time, the public had another opportunity to file hearing requests and/or requests for reconsiderations. As a result, additional requests for a hearing were filed before conclusion of the hearing request period on August 10, 2009. Since the close of the comment period, the TCEQ has received additional comment letters via electronic mail from (1) C. Hastings and Erin Hastings, dated September 18, and September 21, 2009, respectively; (2) Wayne Brown, dated December 9, 2009, and (3) Karen Bishop, dated December 13, 2009. To Aggregate Industries' knowledge, there have been no formal withdrawals of the hearing requests or requests for reconsideration.

On December 3, 2009, the TCEQ mailed an agenda-setting letter to Aggregate Industries and the mailing list of hearing requesters and interested persons, stating that the air permit application was set for the January 13, 2010 Commissioners' Agenda.

#### Classification of Hearing Requesters and Requests for Reconsideration

Group A: These hearing requesters are within close proximity (i.e., one mile) of the proposed Aggregate Industries site. Please refer to attached Map 1: Hearing Requesters Within One Mile, which depicts the proximity of each requester from Group A to the facility.

Curtis A. Fey, Jr.; Sharlene E & Timothy A. Fey; Todd & Kathleen Hoffman; Daryl & Jeri Hoffman; Sherilyn M. Logan; Dennis & Maggie Parma; Dwight D & Sandra Reeh; Vandeline Sahm; Carol Warwick Smith; Heather Hoffman-Stewart & Jason Stewart; Magnolia Spring Associates, represented by Brown & Ortiz attorney Patrick Christensen; Senator Jeff Wentworth (to the extent that his constituents who timely requested a contested case hearing in this matter are affected persons as defined by the law).

Group B: These hearing requesters are not affected persons and are not within close proximity to the proposed Aggregate Industries site. Please refer to attachments: Map 2: Overview of Hearing Requesters and Names of Hearing Requesters on Map 2. Because some hearing requesters reside or own property located a greater distance from the proposed plant, they were not depicted on Map 2. These hearing requesters are identified in attachment, Requesters Not Depicted (Distant).

August & Jane Abendschein; James & Teri Aguilera; Julia Allison; Caroline & Gerald Anz; Charlie C. Baker; Patricia Baker; Robert C. Baker; Deborah Ball; Robert Ball;

David Bird; Jim & Karen Bishop; Carli Black; Roberto Boone; Allen Bosch; Wayne Brown; Chris & Jim Brunette; Cheri Bryan; Chester K. Bueche; Rose Scheel Bueche; Georgia Buehler; James E. Burns; Clarence & Connie Cain; Matteo Caruso; Carol & Tom Chaffe; Edmund Ching; Elizabeth & Lawrence Cleary; Paul Stanley Cobb, Jr.; Carlene Comer; Cary Corbin; Tom Corbin; Chris & Joellen E. Coryell; Sofia & Thaddeus Coryell; Harold Crisp; Sharon & Tim Daugherty; Tommy Daum; Mary Alicia Day; Lynne & Robert Dean; Bette A & W.N. Deason, Jr.; Greg & Susie Demarco; Elma & Stephen Demory; Frank Dietz; Bill & France Doyle; Greg Drake; Pam Drake; LTC & Mrs. K. E. Druckenbrodt; Jerry Dumais; Vic Durbon; Diane Eder; Robert L. Eder; Curtis Eiserer; Jan Estes; Arthur & Johnida Evans; James Evans; Dennis Felix; Billy Ferrel; Larry & Linda Fisher; Eileen Fitzsimmons; Edwin & Regina Ford; Charles & Rita Foust; Marc & Merri Fretwell; M. Friedman; Kay Friesenhahn; Bill Fuller; Martin Godfrey; Patricia Godfrey; Gretchen Gold; Jesse Gonzalez, Jr.; Sarah Gonzalez; Nancy & Phil Goodart; David & Sheree Gordon; Barbara Gressler; G. Gudino; Carol Guedry; Bruce Guthrie; Ronald R. Hagelman, Jr.; Elise Haggerty; Loyd N. Haggerty; Leon & Linda Haisten; Jack Hales, Jr.; Brenda Hallford; Col. Maynard G. Hamilton; Barbara & Henry Hand; Jerry D. Harlan; Gilbert Hartmann; Joseph Hayden; Peggy Rayfield & Todd Hedgepeth; Wally Dee Henderson; Cliff Hogue; Kelly Holmes; Pam Holmes; Jerry Horton; Elke & Gene Hubbard; April Hughes; Richard Hughes; Lee Hunnicutt; RM Inglis; Suzunn Rosenberg Jackson; William B. Jackson; Clint Jacobs; Beverly Johnson; Dennis Johnson; Theresa Kelly; Mary L. & Richard A. Kensing; Irene Klein; Stephen & Karen Langelier; Kathy Leber; Rick Leber; Georgia LeBlanc; Harvey Lee; James W. Lee; Jan Lee; Robert Lee; Jeanette Loomis; Troy J. Loomis; Jim Lowe; John Lustila; Fred & Joana Lybrand; Susan Macy; William Manges; Eliberto & Veronica Martinez; Ray Martinez; Robert Martinez; Christina Mason; Craig & Teresa McKee; Loyce McKinney; Milton Mead; Russell Mericle; Allison & Joseph Minus; Floyd Moore; Ralph Morales; Ann Morisey; Charles Morisey; Cathy Nathan; Richard Nathan; Barbara & Philip O'Connor; Deborah Odom; Jerry N. Odom; Diane Pepin; Margaret Pierce; Bill G. Platts; Therese L. Platts; George Pyland; Colleen Ramsey; Larry Ramsey; Julie Reding; Delight Renken; Bob Rinn; Rosemary Rinn; Carols A. Rochin; Elizabeth S. Rochin; Linda Rompel; Janis Rosebush; Tressie Mae Russell; Eric Sailors; Jim & Roxanne Salinas; H. A. Schlameus; Sandy Schlameus; John C. & Judith H. Schwab; J. T. Shaw; Melba Shaw; Tom Shelton; Lee Shick; Frank & Shelby Simonini; Ethel Singleton; Maria & Vincent Smith; Mark Southerland; Mark Spier; Mariann Stratton; Ronald Suggs; Leora & Sigfrid A. Swenson; Cindy Taylor; Cary & Lori Tetrick; Joanne & Robert Teweles; Dewayne E. & Karrie S. Thompson; Karl & Nora Treutler; Beverly Tucker; James G. Tucker; Alia & Jason Unrein; Janice Vader; Charles & Nancy Vinsonhaler; Catharine Wade; Arnold Wallis; Chris Wallisch; Judy Wallisch; Delores & Gary Warm; Glenn T. Whitfield, Jr.; Charles Williams; Randall Willis; Judy & L. Earl Wright; Woodrow Wuest; Anita & Vicente Zamora; Tom Zibelin.

Requests for Reconsideration: The only person to timely request reconsideration of the Executive Director's preliminary determination to approve the air permit application was Wayne Brown (filed on July 12, 2009). Wayne Brown also requested a public meeting and a contested case hearing in letters, dated July 15, 2008, February 25, 2009, and December 9, 2009. There was an untimely request for reconsideration, dated December 13, 2009, from Karen Bishop. Ms. Bishop had previously submitted a request for contested case hearing on June 2, 2008, June 23, 2008, and provided comment at the public meeting on March 10, 2009.

## **II. APPLICABLE LAW**

The Commission must assess the timeliness and form of the hearing requests, as set forth in 30 Tex. Admin. Code §55.201(c) and (d). To ensure that individual hearing requests have legal standing to contest this air permit application, the Commission must also determine whether the requests were filed by "affected persons" as defined by Tex. Water Code § 5.115, implemented in 30 Tex. Admin. Code § 55.203. An affected person is one who has a personal justiciable interest related to a legal right, duty, privilege, power or economic interest affected by the application. An interest common to members of the general public does not qualify as a personal justiciable interest.<sup>2</sup> To have a legally sufficient hearing request, groups or associations must meet the requirements under 30 Tex. Admin. Code § 55.205(a).

If the Commission determines that the hearing requests meet the requirements in §55.201 and §55.203, the Commission will then refer those issues that meet the requirements in 30 Tex. Admin Code § 50.115(c), including issues that:

- (1) involve a disputed question of fact;
- (2) were raised during the public comment period; and
- (3) are relevant and material to the decision on the application.

---

<sup>2</sup> See 30 Tex. Admin Code § 55.203(a).

### III. ANALYSIS OF HEARING REQUESTS

A. The hearing requests were timely, not withdrawn, and in proper form.

The hearing requests were timely, not withdrawn, and in proper form in accordance with 30 Tex. Admin. Code §55.201(c).<sup>3</sup> A number of the hearing requests provided proper identification of the requester, identified a personal justiciable interest affected by the application different from the public, and requested a hearing in accordance with 30 Tex. Admin. Code §55.201(d). Therefore, the analysis will focus on which of the hearing requesters should be considered affected persons.

B. The Commission should find only Group A to be affected persons.

Aggregate Industries used the TCEQ's mailing list and addresses provided in hearing request letters to map the location of the hearing requesters. The addresses were then plotted on aerial photographs using Geographic Information Systems (GIS) mapping technology. These precautions were taken to pinpoint which hearing requesters were within close proximity of the proposed site, which is required for the Commission's hearing request analysis.<sup>4</sup>

Aggregate Industries identified hearing requesters in close proximity (i.e., one mile) of the proposed facility as Group A.<sup>5</sup> These hearing requesters will more likely be impacted in a manner different than members of the general public due to their proximity to the proposed facility. The remaining hearing requesters are designated as Group B and are not affected persons. These hearing requesters are not within close proximity to the proposed site and will likely not be impacted differently than any other member of the general public.

---

<sup>3</sup> The final opportunity to request a contested case hearing and request for reconsideration ended on August 10, 2009. There were additional comment letters submitted past the comment deadline by C. Hastings, Erin Hastings, and Wayne Brown. There was also an untimely request for reconsideration by Karen Bishop. These letters are not included for consideration because they were not timely filed.

<sup>4</sup> See 30 Tex. Admin. Code §55.201(d)(2), which requires that the hearing requester "identify the person's personal justiciable interest affected by the application...explaining in plain language the requestor's location and distance relative to the proposed facility or activity that is the subject of the application..."

<sup>5</sup> See Section I, Background and attached, Map 1 Hearing Requesters within One Mile.

C. The Commission should not grant group hearing requests.

Hearing requests by groups or associations typically involve a written request by an organization, naming one or more hearing requesters in close proximity to the proposed facility that meet the criteria for an affected person determination. If an individual member of the group or association is an affected person in his or her own right, then the association or group's hearing request may be granted.

Groups are required to identify (1) a member meeting the affected person determination (e.g., within one mile); (2) list interests that are germane to the organization's purpose; and (3) show that participation of the individual members would not be required.<sup>6</sup>

In this case, some hearing requesters signed individual letters containing form language, bearing the stamp "Comal Residents for Rural Heritage." No hearing requester within close proximity (i.e., from Group A) signed the petition by Comal Residents for Rural Heritage. Comal Residents for Rural Heritage; therefore, fail part (1) of the group hearing request test, because none of the hearing requesters who signed the petition are affected persons in their individual right. For this reason, the Comal Residents for Rural Heritage's hearing request is not legally sufficient and should not be granted.

Aggregate Industries is not aware of a formal petition or comment letter submitted on behalf of a group named S.A.F.E. (Securing a Future Environment). Individuals were present at the March 10, 2009, TCEQ public meeting who had identified themselves as members of S.A.F.E., and these individuals provided formal comments. However, there has not been a formal request for a hearing by S.A.F.E. or demonstration of an affected person within the group. Any requests by members should be assessed in their individual capacity for an affected person determination.

---

<sup>6</sup> See 30 Tex. Admin. Code § 55.205(a).

D. The Commission should refer issues #1-7, because these issues raise a question of fact, are raised during the comment period, and are relevant and material to the draft permit.

The following issues were raised during the comment period and are relevant and material to the draft air permit. However, several issues have already been addressed in the ED's RTC and throughout the air permit process. Nonetheless, the Applicant recommends that the following issues be referred to SOAH:

1. Whether the draft permit fully complies with applicable air quality regulations.
2. Whether the proposed facility's emissions will adversely impact the requesters' health, welfare, or physical property; cause nuisance conditions; or adversely impact plants and wildlife, including agriculture operations.
3. Whether the revised stockpile heights of 60 and 90 feet are protective of air quality and meet the state and federal air quality standards.
4. Whether the air dispersion modeling of proposed particulate matter was accurate and appropriate.
5. Whether the planned operating schedule, throughput, and equipment were fully addressed in the impact evaluation.
6. Whether the proposed facility will use Best Available Control Technology (BACT) for suppression of particulate matter.
7. Whether the draft permit conditions contain adequate monitoring, reporting, and recordkeeping requirements to ensure permit compliance.

E. The Commission Should Not Refer Issues #8-32 to SOAH.

The following issues are not relevant and material to the air quality permit and/ or did not raise a disputed issue of fact:

8. Cumulative Impacts: Whether the cumulative impacts from nearby existing industrial operations with the proposed operation will adversely impact the environment.<sup>7</sup>

9. PM<sub>2.5</sub>: Whether the impact of PM<sub>2.5</sub> emissions will adversely impact the environment, wildlife, and health of affected residents.<sup>8</sup>

10. Public Notice: Whether public notice was sufficient.<sup>9</sup>

11. Water Quality: Whether the proposed operation will adversely impact drinking water, surface and ground water quality, including impacts to Dry Comal Creek.

12. Endangered Species: Whether the proposed draft permit will adversely impact endangered species.

13. Truck Traffic: Whether the proposed operation will adversely impact existing truck traffic, including physical wear and tear on roads such as FM 482 and pose safety concerns.

14. Proximity to School: Whether the potential of adverse impacts to a school located 1.3 miles from the project site should be analyzed, which is beyond the TCEQ requirement to analyze impacts to schools within 3,000 feet or 0.57 miles.

15. Consultant: Whether the past success rate of Westward Environmental (Aggregate Industries' consultant) in obtaining permits should be considered.

---

<sup>7</sup> Aggregate Industries has taken into consideration emissions from other facilities, including point sources up to 2.5 kilometers from the proposed project site, as part of the modeling analysis. Aggregate Industries included not only those facilities in the TCEQ's database, but also those sources with standard air permit authorizations, permit by rule authorizations, and new permit authorizations not yet registered in the TCEQ's database. See Executive Director's Response to Comment, Response 1, on page 6.

<sup>8</sup> Aggregate Industries has used PM<sub>10</sub> as a surrogate for PM<sub>2.5</sub> and this has been accepted by the TCEQ, as discussed in the Executive Director's Response to Comment, Response 14, pages 15-16.

<sup>9</sup> The public notice comment was raised in a letter by Tim & Sharlene Fey on March 27, 2009, stating that the second notice had two zip codes listed for TCEQ correspondence: 78711-3087 and 78711-3807. Aggregate Industries has followed TCEQ's public notice rules, as required in 30 Tex. Admin. Code Chapter 39 for sign posting and newspaper publication. The discrepancy in the zip codes does not amount to a significant error and would not bar a comment letter from reaching the TCEQ. Also, the public has had several opportunities for comment for this application, including an additional 30 days after the mailing of the Executive Director's RTC. Therefore all concerns on public notice have been addressed for this application.

16. Compliance History: Whether TCEQ should consider Aggregate Industries' environmental compliance at sites outside of Texas. Whether TCEQ should take into consideration the compliance history of Aggregate Industries' affiliates.<sup>10</sup>

17. Blasting: Whether the TCEQ should examine potential impacts from blasting to homes, gas pipelines, groundwater wells, and aquifers. Whether the potential for benzene contamination to drinking water should be considered, as found in the Lake Belt benzene contamination case in Miami, Florida. Whether TCEQ should consider alternatives to blasting for mining practices.

18. Groundwater Usage/Quantity: Whether TCEQ should examine quantity of groundwater used for dust suppression.

19. Construction of Comal County Flood Retention Structure: Whether TCEQ should compare protective measures utilized in constructing the Comal County Flood Retention Structure (FRS) with the proposed Aggregate Industries project.

20. Rail Traffic: Whether the proposed facility will cause increases to rail traffic and impact wear and tear on the rails and safety.

21. Noise/Municipal Ordinance: Whether TCEQ should examine noise from the proposed operation, namely concerning the New Braunfels Code of Ordinance 2003-34, Sec. 82.9 Noise Prohibitions.

22. Property Values: Whether TCEQ should consider the potential for declining property values in the area.

23. Geological Features: Whether the air permit should account for potential adverse impacts to Natural Bridge Caverns and other landmarks / geological features.

24. Quality of Life: Whether the proposed facility's impact on the quality of life in the area should be considered.

---

<sup>10</sup> Neither Aggregate Industries' compliance history at sites outside of Texas nor its affiliates' compliance history is relevant or material to this air permit application. See also ED's RTC Response 17.

25. Historical Preservation: Whether potential impacts to a nearby heritage farm should be taken into consideration. Whether the Aggregate Industries map should depict the Feys' property as a "Designated Family Land Heritage Property" rather than a receptor.

26. Noise/Light and Livestock: Whether impacts to livestock from light and noise of machinery should be considered.

27. Climate Change: Whether TCEQ should consider studies on anthropogenic changes to landscape and its potential impact on climate and rainfall patterns in the air permit review.

28. Land Use/Zoning: Whether the placement of the Comal County Flood Retention Structure on an aggregates site is cause for concern, versus placing the FRS on a private ranch.

29. Reclamation: Whether the TCEQ should consider post-mining plans for the property, approximately 30 years from now.

30. Cement Kiln: Whether the TCEQ should consider cumulative impacts from the proposed cement plant and quarry. Whether the permit should regulate emissions of mercury, hydrochloric acid, and total hydrocarbons from the cement plant. Whether emissions from the proposed project will result in ozone formation.<sup>11</sup>

31. Local Economy/Tourism: Whether the proposed facility will adversely impact the tourist industry/economy of New Braunfels, Comal County, Texas.

32. Additive Impacts from Mexico: Whether the draft air permit considers the additive effects from ash from Mexico fires.

---

<sup>11</sup>The issue concerning a cement kiln and cement kiln emissions is not relevant and material to this permit application because there will not be a cement kiln located on this property. The Applicant did not seek a permit for a cement kiln; the Applicant is seeking a permit application for a rock crushing facility. See also ED's RTC, Response 15, page 17 and Response 29 on page 25 (regarding ozone).

#### **IV. ANALYSIS OF REQUEST FOR RECONSIDERATION**

30 Tex. Admin. Code § 55.201(e) establish the requirements for a request for reconsideration:

The request must be in writing and be filed by United States mail, facsimile, or hand delivery with the chief clerk within the time provided by subsection (a) of this section. The request should also contain the name, address, daytime telephone number, and, where possible, fax number of the person who files the request. The request for reconsideration must expressly state that the person is requesting reconsideration of the executive director's decision, *and give reasons why the decision should be reconsidered.*

Wayne Brown submitted a timely request for reconsideration on July 12, 2009. Mr. Brown's reasons for a reconsideration generally included concerns regarding blasting, dust, and traffic. Without a more specific concern pertinent to the draft air quality permit, the Applicant requests that this request for reconsideration be denied. In addition, the Applicant has already conceded that a referral to SOAH would be appropriate in this matter. As more specific matters pertinent to the draft air quality permit will be addressed at SOAH, it is likely that Mr. Brown's concerns will be covered during the permit hearing at SOAH. In addition, Karen Bishop recently submitted a request for reconsideration, dated December 13, 2009, via electronic mail. Ms. Bishop's request was untimely. For this reason, the Applicant respectfully requests that both requests for reconsideration be denied.

#### **V. MAXIMUM DURATION OF THE CONTESTED CASE HEARING**

The Applicant recommends the contested case hearing last no longer than six months from the preliminary hearing to the proposal for decision.

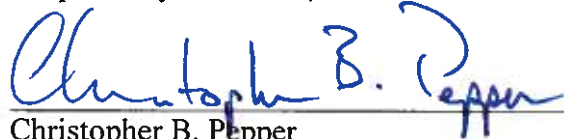

#### **VI. APPLICANT'S RECOMMENDATION**

The Applicant respectfully recommends that the Commission:

- A. Find hearing requests to be timely, not withdrawn, and in proper form;
- B. Find that Group A are affected persons, which includes those hearing requesters within 1 mile of the proposed facility. Find that all other hearing requesters are not affected persons in this matter;

- C. Deny any group or association hearing requests. Hearings requests should be granted on an individual basis only where affected person status is established;
- D. Refer issues #1-7 to SOAH, which includes those issues raised during the comment period, and that are relevant and material to the application;
- E. Do not refer issues #8-32 to SOAH since these issues do not raise disputed issues of fact and/or are not relevant and material to the draft Aggregate Industries air quality permit;
- F. Do not grant the requests for reconsideration;
- G. Find that the maximum duration of the contested case hearing should be no longer than six months;
- H. Require that the TCEQ Executive Director participate as a party in the SOAH hearing.

Respectfully submitted,

Christopher B. Pepper
